Sir:

Attention is directed to parent application Serial No. 09/954,026, which matured to U.S. Patent No. 6,638,638 B2, which parent is identified both in the specification (page 1, first full paragraph) and the Declaration herein. In the interest of completeness, the U.S. Patent No. 5,868,855, cited in said parent application, is being submitted. This reference is the only reference qualifying as prior art not explicitly cited in the captioned application. This reference is believed to be less relevant to the patentability of the claims of this application than the previously considered prior art.

Respectfully submitted,
